- Thrived in a **collaborative team** environment, actively troubleshooting issues, crafting **efficient** code, and consistently meeting project deadlines.
- Adapted **quickly** and eagerly learned **new technologies**, ensuring continuous project success. .

Technical Skills

Languages: C++ , JavaScript , TypeScript
Libraries/Frameworks: Next.js, React.js, Swiper.js, Nodejs
Web Technologies: HTML, CSS, Tailwind
Developer Tools: VS Code, Git, GitHub
Technical Concepts: Data Structure and Algorithm, Object-Oriented Programming

Personal Projects

GlamGrove: Ecommerce WebApp | *React.js , Swiper.js, Framer-motion*

- **GitHub Link:** https://github.com/diyarajput2002/GlamGrove-Ecommerce-Web-App
- Revamped an e-commerce website with **React.js**, introducing dynamic UI using **Swiper.js** for captivating image carousels and **Framer Motion** for sleek animations.
- Ensured complete **responsiveness**, guaranteeing a seamless user experience across all devices.
- Utilized modern frontend technologies for a **visually appealing** and engaging user experience.

SkyTracker: Weather WebApp | *React.js, CSS, API ,GeoLocation*

- **GitHub Link:** https://github.com/diyarajput2002/skyTracker
- Created a **React-based** weather web application that showcases current **global weather** conditions.
- Utilized the **Open Weather API** to fetch real-time weather data, delivering an informative and visually appealing user interface for users worldwide.
- • Implemented **geolocation** to automatically identify users' current location via GPS or IP address

BiteBliss: Food WebApp | *React.js, React Material UI, Git, GitHub*

- **GitHub Link:** https://github.com/diyarajput2002/food-app
- Developed a Food Web App using **React.js** and **Material UI**, combining intuitive design elements for a delightful user experience.
- Implemented **responsive design** principles to ensure optimal usability across various devices and leveraged Material UI components for a clean and **visually appealing** interface.
- Successfully integrated **dynamic features** and functionalities, enhancing user engagement with the application

Position of Responsibility

Mentor at UMEED — **2020-24**

- UMEED, an organization of college for providing education to underprivileged children.

Achievements/Certification

- **IBM Certified Front-End Developer**
- **Coding Ninjas Certified: C++ Programmer**
- **Participation certificate in Tata Crucible Campus Quiz 2023**
